DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 1-7 and 10-17 are rejected under 35 U.S.C. 102(b) as being anticipated by Walley et al. 4,572,295, Peccoux et al. 4,918,121, JP-59-089383 or Raychem Corporation WO 94/03743.

Claim Rejections - 35 USC § 103

3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
4. Claims 1-8 and 10-17 are rejected under 35 U.S.C. 103(a) as being unpatentable over Walley 4,572,295, Peccoux et al. 4,918,121, Peck 5,211,827, JP-59-089383 or Raychem Corporation WO 94/03743.

Claim Objections

5. Claims 10-17 are objected to under 37 CFR 1.75(c), as being of improper dependent form for failing to further limit the subject matter of a previous claim. Applicant is required to cancel the claim(s), or amend the claim(s) to place the claim(s) in proper dependent form. The intended use does not further limit the composition. These claims are article claims, masquerading as composition claims. The form of the composition is not relevant.

Response to Arguments

6. Applicant's arguments filed 4/21/06 have been fully considered but they are not persuasive. Applicants are claiming a composition. A composition, is a composition, is a composition (Gertrude Stein). The intended use is immaterial. All hydrogels are water swellable. Applicants' composition is a hydrogel and a polymer. The cited references disclose the claimed composition. If the compositions disclosed by the references were exposed to water when placed in a wellbore, they would indubitably form a seal. The burden of proof is shifted to applicants to prove that the compositions disclosed by the references are unsuitable to be used in the application contemplated by applicants. The actual uses disclosed by the cited references are irrelevant. The rejections are maintained.

Conclusion

7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
